

# Introducing the Latest Additions to The DeProef Brewmaster's Collection

In 1996 highly regarded brewing engineer and professor, Dirk Naudts, created De Proef Brouwerij in the village of Lochristi, near the historic city of Gent, Belgium. The ultra-scientific brewery blends modern equipment and technologies with traditional brewing methods. Each beer is crafted in an 11 hectoliter (9 U.S. barrel) brewhouse that Michael Jackson once described as "the ultimate toy for the aspiring homebrewer."

The flexible nature of the brewery enables Naudts to create an impressive range of traditional and not so traditional ales. His ability to design and brew unique products is showcased in the De Proef Brewmaster's Collection - *Unique Expressions of the Brewmaster's Art*

## Van Twee

Collaboration with Bell's Brewing

OG: 1072  
IBU's: 18  
ABV: 7.5%

A unique hybrid porter-dubbel brewed with Michigan sour cherry juice and fermented with brettanomyces. Incredible depth & richness - reminiscent of a Belgian chocolate with an underlying hint of sour cherry.

750ml Bottle UPC: 857283 00044-5

Witte Noire arrives August 2009  
Van Twee arrives September 2009

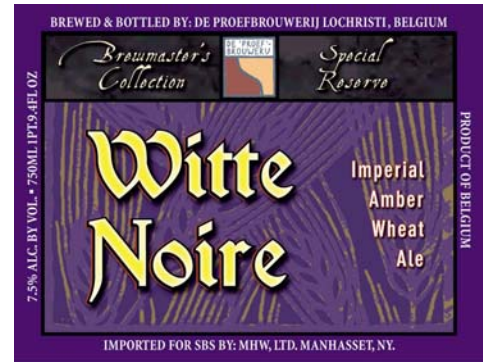

## Witte Noire

Imperial Amber Wheat Ale

OG: 1070 IBU's: 18 ABV: 7.5%

A companion beer to the highly praised La Grande Blanche. This darker wheat ale combines a roastiness often found in porters with the pleasing spiciness and refreshment of wheat beers. Another unique entry in the De Proef line-up, it is a Belgian interpretation of the classic German Wheat Doppelbock style.

750ml Bottle UPC: 857283 00042-1

## Lozen Boer Art Abbey Style Ale

OG: 1088 IBU's: 40 ABV: 10%

- 92 points World Beer Championships
- 750ml Bottle UPC: 857283 00028-5
